

WBA EFESTIVAL: 18TH MAY 2020

BUILDING BIOGAS

IN AFRICA:

.....

DELIVERING DEPLOYMENT IN DIVERSE  
MARKETS

[www.malabybiogas.com](http://www.malabybiogas.com)

# BORE HILL FARM BIODIGESTER

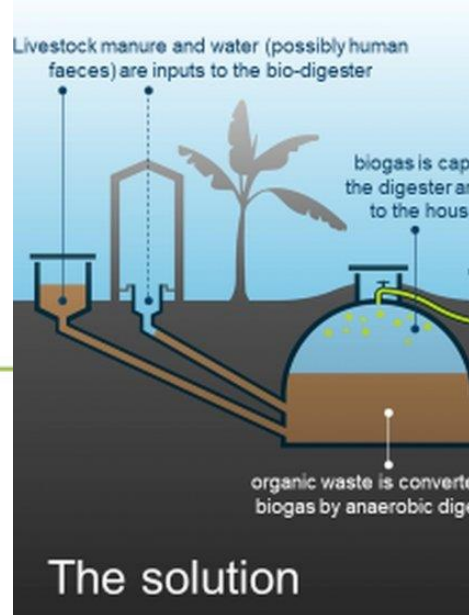

[www.malabybiogas.com](http://www.malabybiogas.com)

# SCALING TO MARKETS - SUPPLY & DEMAND

# BIOGAS FOR COOKING

- Compare with kerosene, charcoal, wood, etc etc
- Stay low tech to get best deployment especially in rural areas
- Low pressure distribution:
  - Bagging
  - Caged bags in trucks
- CBM for Vehicles

# UENR Sunyani – Africa Centre for Energy Environmental Sustainability

# PEOPLE IN BIOGAS IN AFRICA: MEETING, TRAINING, BUILDING

# WBA – COLLABORATION & POLICY

Ask WBA

7 May 2020

**Biomass valorisation in Africa as a solution to climate change**

Postponed until further notice

**WORLD BIOGAS  
ASSOCIATION**

**Global Potential of Biogas**

“

*By coming together as an industry, we can drive the change needed to make anaerobic digestion and biogas thrive. Our mission is clear: to raise global awareness of biogas technologies and encourage their uptake as solutions to the challenges of our times.*

”

**David Newman, President  
World Biogas Association**
