

# Global Biogas News Round-up

Compiled by the World Biogas Association

March 2025

**Egypt, Poland, South Korea, Indonesia and Alberta in Canada** release funded biogas strategies. **France, Spain and the Netherlands** assess pathways to achieve their full biogas potential. **Atlas Copco** opens a **manufacturing base** in **India**. **Climate Fund** releases **\$25m** to accelerate food chain transition in **Brazil**. **Kuwaiti Petroleum Corporation** tops the month's mergers and acquisitions.

<https://www.bioenergy-news.com/news/first-biogenic-co2-delivered-from-tonder-biogas-to-kasso-power-to-x-facility/>

**European Energy** has received its first truckload of **biogenic CO<sub>2</sub>** from **Tønder Biogas, Denmark**, to be used in the production of **e-methanol**.

[NIB co-finances biogas production in Eskilstuna, Sweden - Nordic Investment Bank](#)

**Eskilstuna Biogas** has secured a **€15 million** loan to build a biogas plant in **Sweden** from the **Nordic Investment Bank**, supported by **InvestEU**.

[Poland's environmental fund's biogas programme approved by EIB | PAP Business](#)

**Poland's** environment-focused **biogas programme** approved by the **European Investment Bank**, unleashing a budget of **PLN 1 billion (€238.2 million)** to finance capital grants and loans.

[Hedge5 Signs INR 500 Crore MoU with Assam Govt for Renewable and Biogas Projects - Asia Pacific | Energetica India Magazine](#)

**Hedge5** signs MOU with the **government of Assam** to invest **INR 500 crore** in **CBG plants**.

[Alberta supporting waste reduction and biogas industry with updates to agriculture act | rdnewsnow.com](#)

**Alberta in Canada** is to amend the state's **Agricultural Operations Practices Act** to provide the emerging **biogas** industry "**with regulatory certainty to do business**" creating good jobs and building rural resilience.

[Pakistan eyes biogas, EV projects](#)

**Pakistan** seeks to deepen industrial ties with **Japan**, with a focus on **biogas**, ethanol fuel integration and electric vehicles, as part of its push towards **sustainable transportation**.

## [Cow manure becomes biogas: farmers build pipeline to factory | Lochem | destentor.nl](#)

A **14-strong farm cooperative** is to develop a **biogas plant** and **pipe biomethane** to **For Farmers**, a nearby manufacturer of animal feed.

## [Atlas Copco Launches New State-Of-The-Art Facility In Pune](#)

**Atlas Copco Group** has launched a **new manufacturing facility** in **Talegaon, Pune**, to make air and gas compressors and systems for **CBG and biogas**; hydrogen compressors, air dryers, N<sub>2</sub> and O<sub>2</sub> generators.

## [The Japanese town turning cowpats into hydrogen fuel - BBC Future](#)

A **green hydrogen** refuelling station for farm vehicles has opened on **Hokkaido Island** - **Japan's** dominant agricultural region - **pioneering** a method of **biomethane steam reformation**.

## [Veolia turns wastewater into resources at Belgian brewery](#)

**Belgian brewery** deploys proprietary **water technology** from **Veolia** to optimise **biogas recovery** and **water reuse**, to reduce its carbon footprint and enable the reuse of 70% of water.

## [CycleØ to invest €200 M in Spanish biogas expansion - World Bio Market Insights](#)

**CycleØ** plans to build, own and operate up to **30 new biogas plants** in **Spain**, aiming to produce 800GWh a year.

<https://www.bioenergy-news.com/news/gasum-teams-up-with-fazer-to-utilise-food-waste-for-biogas/>

**Fraser Bakery** chain in **Finland** teams up with **Gazum** to recover heat and transport fuel from its process wastes – and eyes **e-methane** as a future fuel.

## [Biogas in France: TotalEnergies Starts Its 2nd Largest Unit in Normandy | TotalEnergies.com](#)

**TotalEnergies** launches its 8th **biomethane** plant in **France**, producing 153GWh annually from sugar processing waste.

## [St1 Biokraft acquires Södra Hallands Kraft Biogas AB | Gas Processing & LNG](#)

In pursuit of its ambition to become the leading **biomethane** producer in the **Nordics**, **St1 Biokraft** adds **Södra Hallands Kraft Biogas** to its portfolio of plants and refuelling stations.

## [Delorean Corporation awarded \\$6m ARENA grant to advance SA1 bioenergy facility](#)

**Federal grant** accelerates development of **Delorean's renewable natural gas and CO<sub>2</sub> facility** in **southern Australia**.

<https://www.lelezard.com/en/news-21730001.html>

Three major players in the **US RNG** production and supply chain – **Dynamic Renewables BC Organics, National Organics** – have merged to become **Sagepoint Energy**, focused on the development, operation, and execution of waste-to-energy solutions.

[The Council of Ministers approves in its weekly meeting a number of recommendations and draft decisions](#)

**Egyptian** government sets **feed-in-tariff** regime for **energy from waste biogas plants**, to run over **25 years**.

[Is it really reasonable to produce 50 TWh of biogas in 2030, the Court of Auditors wonders](#)

**France's Court of Auditors** calls on government to **align biogas funding mechanisms with long-term energy transition goals**, to realise ambition to deliver **50TWh** by 2030.

[Spain could become a global biomethane leader, says Strategy&](#)

**Spain** has the potential to become the **EU's fourth largest producer of biomethane**, says **Strategy&** study.

[Morocco accounts for 30% of total freight traffic to Spanish balleria in 2024 – Al Jadeed News](#)

**Spanish** passenger and cargo shipping line **Balearia** turns to **bioLPG**, to reduce its carbon footprint while expanding its **EU-Africa routes**.

<https://www.duurzaam-beleggen.nl/2025/03/06/asn-energie-innovatiefonds-financiert-groei-van-restgasleverancier-powercrumbs/>

**ASN Energy & Innovation Fund** backs expansion of **Netherlands' Powercrumbs** – the **biogas battery pack** for the construction industry and other large energy users that signals an end to flaring.

['Danish model for tackling the manure crisis is not fully applicable in the Netherlands'](#)

A **strategy for nutrient recycling and export** will be required if the **Netherlands** is to fulfil its biomethane potential, given the country's small landbank, says **Ministry of Agriculture, Fisheries, Food Security and Nature**.

[Subsidy support for cogeneration – new programmes of the National Fund for Environmental Protection and Water Management – WysokieNapiecie.pl](#)

**Poland's National Fund for Environmental Protection and Water Management** will launch several **subsidy and loan programs** to support the development of high-efficiency **cogeneration**, in particular based on **biogas and biomethane**.

[These factors will have a major impact on the future of the sugar industry - Agricultural News](#)

**New biogas support mechanisms** represent an opportunity for the **sugar industry in Poland** to become more efficient, the annual Sugar Producers Forum is told.

[The cheap heating method that would save the villages in Romania from stoves. Costs decrease three times](#)

The commune of Seleuş in Arad, **Romania**, is developing a **biogas plant** to reduce the use of traditional wood burning stoves and energy costs to consumers and heat greenhouses for food producers.

[Envitec Biogas: Biogas specialist expands its portfolio to include wind and solar power \(ee-news.ch\)](#)

**Germany's Envitec Biogas** diversifies into **wind and solar energy**.

[Pioneer Point acquires European clean fuels filling station owner OG | News | Real Assets](#)

**Pioneer Point Partners** investment fund has acquired **OG Clean Fuels**, which operates 325 filling station locations across **Germany, the Netherlands, Sweden and Italy**, providing **bioCNG/LPG**, electric vehicle charging, hydrogen and liquid biofuels, boosting the company's investment funds by **€150m**.

[Clean biogas is produced from organic waste and CO2 – DiePresse.com](#)

**Austria** start-up develops a **containerised methanation unit**, funded by the **Spin-Off Fellowship** of the government's **Research Promotion Agency**.

[Portal - Datagro](#)

Construction work begins on the world's largest **biogas plant to treat citrus waste** at the **Louis Dreyfus Company orange juice plant** in São Paulo, **Brazil**, with commissioning scheduled for 2026. LDC is one of the largest global citrus juice processing and marketing companies.

[Portal All](#)

**BNDES** approves **Climate Fund** financing of **R\$ 150 million** for **Brazilian** food processing giant **Piracanjuba** to implement **biogas plants** at its production facilities in Carazinho (RS), Araraquara (SP), Três Rios (RJ) and São Jorge D'Oeste (PR).

[S Korea unveils biogas strategy, eyes 1mn t/yr GHG cut | Latest Market News](#)

**South Korea** has released a **national biogas strategy** that aims to produce up to **500mn Nm<sup>3</sup>/yr of biogas by 2026**, which will cut greenhouse gas (GHG) emissions by 1mn t/yr.

[Energy and Mineral Resources targets waste to become electricity and fuel in 30 major cities by 2029 - ANTARA News](#)

**Indonesia** prepares to roll out a **bioenergy programme** including **biogas** to convert organic wastes into energy across **30 cities by 2029**.

[LCA with Q8 Italia in the agreement for the purchase of Agriferr and ArMa | NT+ Law](#)

**Q8 Italia**, the Italian division of **Kuwait Petroleum International** has signed a preliminary agreement for the purchase of 100% of the shares of **Agriferr and ArMa**, active producers of biogas, biomethane and bioLNG.

[Malawi: Supporting school feeding programme | APAnews - African News Agency](#)

**The World Food Programme (WFP)** and the **Government of Iceland** have expanded the **Locally Produced School Meals (HGSM)** programme in **Malawi**, developing a circular economy from farm to fork centred on **biogas**.
